

## TOUCHING THE PAST - FIELD TRIP

The first grade classes at Daniel Warren are planning a field trip to Philipsburg Manor to take part in a workshop entitled Touching the Past in connection with our Social Studies Unit. The trip will take place on:

**November 17, 2016**

### *Program Description:*

In a program designed to focus on family and community, past and present, students explore colonial life in a tour of Philipsburg Manor that focuses on sensory experiences. Students tour the colonial manor house, including a kitchen area filled with touchable objects, and discuss how houses today differ from colonial homes. Visiting the barn/farm, activity center, and mill, students participate in actual work that would have been done on-site 250 years ago. Hands-on activities may include picking and carding wool, preparing food, and threshing wheat.

The cost of the trip is **\$19.00** to cover the price of entrance fee and the buses to and from the site. We will leave Daniel Warren at 9am and return at 12pm.

Please sign and return this permission slip along with a **CHECK (only)** for **\$19.00** made out to **Rye Neck UFSD** by **Friday, October 7, 2016**.
